**Town Council Considers Paving of Pawcatuck Bridge and Acquiring Deeds For Shore Road Improvements—White Rock Petition to Change Trolley Station—Italian Residents Get Permit For Columbus Day Observance—Clue to Escaped Prisoner, Ernest Lorenz.**

At the regular monthly meeting of the Westery town council, held at the Town hall on Union street, Monday morning, the petition of the transfer of the liquor license of the Ocean house at Watch Hill to Bernard J. Pendleton, the new manager of the Dixon house, was acted upon by the members after Thomas J. Peabody had as a representative of the trustees of the Baptist church opposed the transfer, the petition being granted by a vote of six to one.

Frederick C. Burford, chairman of the municipal committee of the Westery board of trade, was present at the meeting in behalf of the organization, and spoke of the present need of paving the east end of the Pawcatuck river bridge. He said that the cost to the town would not be great, as the railroad company had been between the rails and eighteen inches on either side. Councilman Albert H. Langworthy was in favor of having the work done, but did not think that there was sufficient money left of the present work that had been planned, not to mention extra improvements, but when he learned that the town of Stonington had paved their end for about \$400, Councilman Langworthy thought that now is the time to have it done. William Segar was of the same opinion. The matter was finally left to the highway committee to get estimates.

Mr. Burford asked that the council instruct the committee representing the town in the Shore road improvements to get deeds of the land along the highway from the Albert Langworthy farm to Haversham, in view of the state road being extended at some future time, as then the town would be able to turn the land over to the state without delay. The matter was with the approval of the council.

The matter of stopping the Norwich & Westery cars at the White Rock crossing was again brought up by a petition which had been handed the clerk and was signed by more than three hundred of the residents of White Rock, praying that the council take action that would bring about a change of the present location of the station, which some time ago was changed, and was moved from the White Rock crossing to a point near the bridge which crosses the Pawcatuck river. Mr. Ferguson, superintendent of the White Rock mill, appeared before the council and spoke of the condition that exists. After having had the facts presented to the council, Attorney Everett B. Kingsley asked that a time be set by the council before any action is taken in the matter. The council appointed Attorney Harry B. Agard and Councilman Maurice W. Flynn as a committee to confer with R. W. Perkins, president of the road, which was agreeable to the petitioners of White Rock.

Michael O'Brien of Canal street, who owns a house on Grove avenue, adjoining the park, was present, and entered a complaint concerning the overflow of water from the catelbasin which backs up and runs down into his cellar. He said that patience had ceased to be a virtue with him, and he wanted to know if the town intended to abate the nuisance. The matter was left with Councilman Langworthy of the highway committee, and Thomas McKenzie, superintendent of the water works, to investigate the situation and to report to the council the best method of caring for the trouble.

Permission was given the Italian residents of the town to hold a celebration at Riverside park next Saturday afternoon and evening, with fireworks during the latter part of the day, in observance of Columbus day. A parade through the principal streets of the town will be held in the afternoon and will be under the supervision of the police.

A parade has been secured for the Watch Hill fire district desiring certain land on Bay street to the town, from the property formerly owned by

## "GETS-IT" Will Get Any Corn, Sure!

Almost Like Magic. Guaranteed.

You'll Get Everything Else for "GETS-IT."

Any corn just loves to be cut and ground, but it's mighty rough on you. "GETS-IT" is a corn cure, and it begins its work right off. It does go for a corn, bluish, callous or wart right off the heel. The corn shrivels away from the healthy flesh and drops off.

You can apply "GETS-IT" in two seconds and it begins its work right off. Pretty soon you'll forget you ever had corn or bluish.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent on receipt of price by K. Lawrence & Co., Chicago. Sold in Norwich by The Lee & Osgood Co. and H. M. Lerou & Co.

**Saves Leg of Boy.**

"It seemed that my 14 year old boy would have to lose his leg on account of an ugly ulcer caused by a bad bruise," wrote Dr. F. Howard, Aquone, N. C. "All remedies and doctor's treatment failed till I used 'GETS-IT'." "It cured the ulcer, and cured him with one box." "Cures" burns, boils, skin eruptions, piles. 25c at Lee & Osgood Co.

## HANDICAPPED

This is the Case With Many Norwich People.

Too many Norwich citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney back-ache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Norwich evidence?

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A picture of Hon. Charles W. Willard and Mrs. Grace Willard Robinson appears in a weekly publication. They were among guests of honor, including Hon. and Mrs. William J. Bryan, at a banquet in Denver which was given to the National Association of State Game and Fish Commissioners, and the American Fishing society, at which only game and fish were served in the various courses.

The Westery evening schools are to open this evening at the Pleasant street school building at 7.30 o'clock. The schools will be open to the public to give instruction in the elementary subjects, such as English, arithmetic, and bookkeeping.

The evening school is provided for the town for the education of its citizens who have not the time to go to the day schools.

**Husband Finds Mrs. Justin Denison Dead from Heart Trouble—Forewell Gift for Rev. A. C. Jones—Injured Woman Taken Home.**

Mrs. Lillian Lamb Denison, wife of Justin Denison, was found dead in her home Sunday night by her husband. She had been in apparently good health all day and had gone up stairs to do some work. Mr. Denison, who runs an evening milk route, had gone to the house to bid her goodby before leaving and could not make her head. He went up stairs and found her dead. Medical Examiner Hill of Norwich pronounced death due to heart trouble.

Mrs. Denison was born in Mystic, daughter of Mr. and Mrs. E. C. Lamb, of West Mystic, and has always resided in this village. She leaves her husband and two small children, her parents, Mrs. Dr.ville Lewis, and four brothers, Prentice Lamb of East Hampton, Arthur Lamb of New Haven, Wilfred Lamb and Bernard Lamb of Mystic.

## Forewell Gift for Rector.

Mr. and Mrs. Leonard Hermes entertained the Young People's society of St. Mark's church at their home on Pearl street Monday evening. It was the nature of a farewell for the rector, Rev. Albert Corey Jones, who is soon to leave for New Haven to reside, having sent in his resignation to take effect October 15. A musical and literary programme was well carried out. During the evening Mr. Jones was presenting a handsome black leather traveling bag from the Young People's society. Refreshments were served. Mr. Jones with family are to move to New Haven, where he is to go into business.

## GOLD DUST

makes pot and pan spick and span

Pots and pans collect more dirt and grease than any other cooking utensil. The one best way of cleaning them is to use Gold Dust. Gold Dust not only takes off the outer surface, but digs deep after germs and hidden particles, and makes them as spotlessly clean and sanitary as when new.

If you want your pots and pans so bright you can see your face in them—your pots and kettles spotless and germ-proof, use Gold Dust in cleaning. It will do the work, too, in half the time of the ordinary cleanser—and save most of your labor. Gold Dust does the bulk of the work alone; you merely assist it.

Gold Dust is sold in 50 size and large packages. The large package means greater economy.
